Simone, Vera, The Asian Pacific, 2nd Edition\*  
The Asian Pacific, Second Edition, provides a thought-provoking introduction to both the internal and international politics of the fifteen mainland and island countries of East and Southeast Asia, including Japan, North and South Korea, China, and Vietnam. Beginning with an examination of the colonial experience and its impact on the growth of nationalism and the formation of modern political and economic institutions, the book utilizes cross-national comparisons to illuminate the transformation of traditional cultures and their adaptation of Western ideologies. For those interested in the political, economic, and cultural development of Asian Pacific countries.  
This collection of essays focuses on the study of political development, economic growth, and social mobilization in a historical comparative context.  
Focuses on the defense capabilities of key Asian powers in the context of their grand strategies. Through a combination of country, regional, and topical studies, the book assesses how Asian states are modernizing their military programs in response

## Get Free Answers To Guided Modernization In Japan

to China's rise as a regional power, the war on terrorism, changes in U.S. force posture, the revolution in military affairs, and local security dilemmas. In addition to this central theme, each chapter examines the changing balance of power in Asia and identifies likely threats and opportunities that may arise in the next five years. Objectives, scope, methods and hypothesis; Nigeria: the historical background; The genesis of the problem; Rural-urban relations as problem-generating structures; Field data: analysis and interpretation.
