Hot Line Farm Equipment Guide Quick Reference Guide "Where was this book when I was a new nurse just learning the ropes of labor and delivery? This is a true gem of a book-a must for any new grad going into labor and delivery .I recommend this book for every labor and delivery floor." Cindy Curtis, RNC, IBCLC, CCE Former Director, The Family Birth Center Culpeper Regional Hospital Lignum, VA "The best one stop reference book for the experienced and noviced Labor and Delivery RN.Finally an excellent Labor and Delivery book by RN's -- for RN's." Garla DeWall, RNC Presbyterian Hospital in the Family Birthing Center Albuquerque, New Mexico Labor and delivery nursing requires critical thinking, constant caring, teamwork, and communication. As the first line of defense to prevent injury, labor and delivery nurses take on some of the most difficult and trying challenges in the delivery room. Murray and Huelsmann present this clinically oriented guide to help labor and delivery nurses make wise decisions in the delivery room. The authors provide a wealth of insight on how to maximize both maternal and fetal outcomes. This book provides authoritative guidance on intervention options, creation of patient-centered plans of care, and improved communication with other members of the obstetrics team. Special Features: Explains the stages and phases of delivery, pain management, patient assessment, and much more Features references, relevant graphics, skills checklists, and review questions at the end of each section Useful for
